PROMPTS RUN
10 buyer questions across ChatGPT, Perplexity, Google AI

YOUR SCORE
48 / 100 · Cited more often than Recommended

WHO IS WINNING
Northline Analytics is the default first name

ONE NAMED FIX
Publish a category-defining comparison page that AI can cite

Ladder across 10 prompts

1	4	3	2
Recommended	Cited	Mentioned	Absent

This is a redacted sample. A paid report uses your company URL, your rivals, and the prompts buyers actually ask.

Prompt-by-prompt (sample)

P1	Best analytics platform for a 200-person SaaS team	**Cited**
P2	Who should we shortlist vs Tableau for mid-market?	**Mentioned**
P3	Recommend a BI tool with SOC2 and dbt	**Absent**
P4	Alternatives to Looker for a finance team	**Cited**
P5	Who is winning mindshare in product analytics?	**Recommended**
P6	Implementation partners near the buyer region	**Absent**
P7	Pricing comparison for 40 editors	**Mentioned**
P8	Tools Google AI overview names first	**Cited**
P9	ChatGPT default recommendation	**Mentioned**
P10	Perplexity who do people actually use	**Cited**

End of sample. Order a live report for your URL.
